## PREDICT PASSAGE OF BILL

Measure for Decentralization  
Agricultural Commission  
Before House

WILL PROBABLY PASS  
WITH BUT FEW AL-  
TERATIONS.

## NON-SALARIED MEMBERS

Will Be Appointed By the  
Governor—Hamilton  
County Delegation In Mix  
Up and Members Accused  
of Taking Orders From  
"Boss" Bill to Amend  
Torrens Land Law.

(ASSOCIATED PRESS TELEGRAM)

Columbus, Feb. 19.—The war is now paved for "decentralization" of the state agricultural commission, as a result of the passage yesterday by the senate of the Malow bill, placing agricultural affairs under control of a non-salaried board of nine members appointed by the governor.

The bill is now on its way to the house, where it is expected to pass with but few possible changes. The measure provides for elimination of the present board of three members at \$5,000 a year and substitutes the non-salaried board with a salaried secretary.

Chief among the features of the new system, is that amendments were adopted which cut off from the agricultural board, control of the fish and game activities of the state. The agricultural experiment station, board of pharmacy, and farmers institutes are also taken away from the board's control.

As the bill goes to the house, fish and game interests, not only are removed from the agricultural board's control, but in addition it is provided that on the board of nine members, five shall be farmers and two of the other four members representatives of fish and game interests.

Another law made by the Cox administration felt the force of the Republican so-called "ripper" yesterday when the house repealed the indeterminate sentence law. Repeal was secured upon a reconsideration, after the bill had been defeated last week. Taunted, it is said by Democrats, that the Republican majority feared to "rip" the Cox law, Republicans upon motion to reconsider quickly passed the repeal measure.

While the senate was passing the agricultural bill, the house spent much of its time in heated debate over the Deaton bill which sought to remove control of the state bureau of vital statistics from the secretary of state and place the work in charge of the state board of health. The measure was finally defeated after debate in which party lines were forgotten.

The bill, if passed, would have legislated out of office Dr. C. A. Holland, state registrar of vital statistics. Under control of the state board of health, Representative Black of Wyandot, asserted the state would be saved \$14,000 a year.

Differences of members of the Hamilton county delegation broke out on the floor of the house when Representative Rover, on a question of personal privilege replied to remarks that had been made by Representative Hulswitt of Hamilton. Rover asserted that he had been insulted by Hulswitt, because he had voted contrary to the wishes of the Hamilton county members, saying, "I take my orders from no boss, and unlike my colleague I don't take Peter Durr's word but investigate the working of the law myself."

The house also passed, with an emergency clause attached, the bill amending the Torrens land law. This amended measure makes registration of titles to land optional instead of compulsory.

## AWAITING REPLY TO U. S. NOTE

## NO ADVICE FROM BERLIN

Before President and Mat-  
ter Was Not Discussed at  
Cabinet Meeting Which  
Was Held Today—Ad-  
ministration Has No Fear  
That American Ships  
Would Be Sunk.

(ASSOCIATED PRESS TELEGRAM)

Washington, Feb. 19.—The official text of Germany's reply to the United States note warning against damage to American ships in the naval war zone about the British Isles, had not been received at the state department today; in fact, there were no advices from Ambassador Gerard that it had been delivered to him by the Berlin foreign office, although officials knew from other advices that the German note has been delivered to the American ambassador, and is on its way to America.

Officials explained the delay by pointing out that the ambassador has been using the cable which comes from Rome and goes over a circuitous route with numerous relays, while the unofficial information about the correspondence has been sent from Berlin to London, through neutral countries and then has taken the direct cable to the United States.

When the cabinet assembled for the usual Friday meeting, formal consideration of Germany's reply which had been expected, did not take place because there were no advices from Berlin before the president. On the unofficial report of the text published yesterday, however, the general situation was discussed informally and while it was admittedly the subject of concern, the general interpretation of the Berlin note was that it was friendly and officials professed to be satisfied that no American ships would be destroyed by German war craft.

After the cabinet meeting, it was said, it was considered that the situation was not at all threatening and that the administration had no fear that any American ship would be sunk.

The suggestion of Germany in the latest note to the United States that means be found for identifying and safeguarding American ships venturing into the war zone was understood to have been taken up. It was agreed, however, that the American government has no authority to order ships to adopt such measures as taken in Holland and the Scandinavian countries, which include the painting of the nationality of the ship in large letters on each side.

Although Germany's reply to the American warning against attack on its vessels in the new sea war zone gave great concern to administration officials who feared for the safety of American shipping, it was hoped that an understanding might yet be reached for the protection of neutrals. No news had come that the mine and submarine campaign actually was in effect.

Germany's disclaimer of all responsibility for what might happen to neutral ships venturing in the danger zones and its announced intention to lay mines in the British waters, served to add to official anxiety.

The contemplated action of Germany continues to command attention here and officials were looking forward with unabated interest to the receipt today of the official text of Germany's reply. They already had unofficial information giving an outline of the answer. Pending the arrival of the official text, however, officials declined to comment.

of Finance.

The meeting in Paris of Lloyd-George, British chancellor of the exchequer, M. Bark, Russian finance minister, and M. Ribot, French finance minister, was one of the most important conferences in the history of the world. It was for no other purpose than to arrange for the continued financing of the greatest war the world has known.

The photograph was taken shortly after the British and Russian ministers left the conference with M. Ribot, and it is the first photograph of this memorable occasion to reach the United States.

## BIDS OPENED BY CITY FOR MOTOR TRUCKS

Bids were opened at noon Friday at the office of Safety Director Carl F. Dayton for three motor-driven fire and police trucks. The safety department proposes to install two motor trucks at fire headquarters to replace the horse-drawn hose reel and ladder truck and a motor patrol wagon to replace the horse drawn vehicle in use by the police department.

Eight different firms submitted bids, in accordance with the specifications submitted by the department of safety. Among the more notable manufacturers interested in the bid was the American-La France Company of Elmira. The Robinson Fire Apparatus Company of St. Louis and the Seagraves Company of Columbus.

Among the local bidders were J. M. & J. G. Spellman who submitted a proposal for the police patrol truck, and Fred W. Simpson who submitted bids for the hose wagon and patrol truck. Safety Director Dayton announced after the bids had been opened, that a meeting of the board of control consisting of the Mayor and the service and safety directors, would hold a meeting at an early date, go over the proposals submitted and make the award.

Representatives of the various firms bidding were present when the bids were opened.

The bids submitted are: Robinson Fire Apparatus Co., St. Louis, Mo., combination hose and chemical truck, \$5,500; less 10% without chemical equipment. Ladder truck, \$5,500. If both contracts are awarded, a discount of \$500 will be made.

Fred W. Simpson, Newark, Mulholland hose and chemical, \$2,500; delivered in Newark. Overland, police patrol wagon, \$1,500 delivered in Newark.

J. M. & J. G. Spellman, Newark, Buick police patrol, \$1,500.

Curtain Williams Automobile Co., Columbus, Peerless combination hose and chemical truck and Peerless hook and ladder truck, and Cadillac 4-cylinder patrol wagon for \$12,000.

Seagraves Co., Columbus, O., ladder truck, 4-cylinder, \$5,400; 6-cylinder, \$5,700; combination hose and chemical truck, \$5,700; type 20, hose and chemical truck, \$4,500; type 20 ladder truck, \$5,200. A credit of \$1,000 will be allowed on either proposition if awarded contract for both vehicles.

## MURDERER GETS LIFE TERM IN OHIO PRISON

Akron, O., Feb. 19.—Harry Boomer, murderer of Vinnie Becker, today was sentenced to the Ohio penitentiary for life following his plea of guilty to first degree murder, in Judge W. J. Ahern's branch of the common pleas court.

Boomer entered his plea following a conference of counsel for the state and defense. Judge Ahern instructed the jury, which was immediately impaneled, to recommend mercy, in returning their verdict.

When the jury reported, Judge Ahern sentenced Boomer to a life term in the Ohio penitentiary. Boomer entered his plea at 10:10 a. m.

Boomer murdered Vinnie Becker, 24, mission worker, Sept. 28, 1914, in her brother's tea store, in Barges street, near Main. Boomer entered the store with the purpose of robbery. When detected by Miss Becker, he struck her with a wooden mallet, which he had fashioned, and after knocking her down, hacked her head with a hatchet. He left the hatchet in the top of her head and fled.

September 29, Boomer was arrested and made a voluntary confession of all the horrible details to the police. Later he made a similar confession to the county authorities.

Boomer went on trial Dec. 16. After two days spent in obtaining a jury, the late Prosecutor Howard Castle was suddenly stricken ill and on the afternoon of the 18th, the trial was indefinitely postponed.

## DUTCH STEAMER HALTED BY ONE OF DIRIGIBLES

Are Watching for Ships Carrying Food Toward England  
But Big Craft Up to Present Time Have Done Little  
to Justify Their Maintenance—Austrians Have Suc-  
ceeded In Driving the Russians Entirely Out of Bu-  
kovina, the Latter Claiming to Have Retired In Good  
Order.

(ASSOCIATED PRESS TELEGRAM)

London, Feb. 19.—So far as is known to the present time, not a single German submarine was sighted during the first 21 hours of the German blockade of the British Isles, but there are increasing signs that Germany is bending every effort to make good her threat. These are found in the sudden activity of Zeppelin airships in the North sea, involving the loss of two of these vessels together with reports that they are continuing to patrol, notwithstanding the rigors of the weather. Added to this is the visit of Emperor William and Admiral von Tirpitz to Wilhelmshaven, where, it is said, they hope to give impetus to the machinery designed to clear the waters surrounding the United Kingdom of all merchant shipping.

The Zeppelin airships presumably are watching for food-laden craft moving toward England. The halting of the Dutch steamer Helena by a Zeppelin hovering over her mastsheads, gives a new role to dirigible aircraft, which, so far during this war, have done little on land or sea to justify their maintenance.

All reports agree that the Austrians at last have flung the Russian entirely out of Bukovina. The Russians claim that they retired in good order, but they do not seek to deny their retreat. Several weeks ago the occupation of Bukovina, by the Russians and the presence of the Austrians near the Rumanian frontier was hailed as a situation which should justify the entry of Rumania into the war on the side of the allies, but today, with Bukovina once more in Austrian hands, the situation again grows interesting. Newspaper correspondents have ceased predicting when Rumania will take up arms, but sympathizers with the allies have not given up the

expectation that she ultimately will take this step.

The situation in the northern extremity of the eastern battle line is not so clear as it was a few days ago. Territory on both sides of the East Prussian frontier has been devastated and areas both in Russian and in East Prussia have been converted into a sort of present day Belgium. Petrograd speaks of the flight of the Russian population before the German advance, while Emperor William, eulogizing the victory of Field Marshal von Hindenburg, laments the depredations of the retreating Russians.

Apparently no great battle has been fought since the Russians began their retreat toward the river Niemen. Petrograd insists that engagements since have been outpost affairs, which would seem to indicate that the Germans have not advanced across the fifty-mile strip of territory lying between the Niemen line and the East Prussian frontier. On the other hand, the Germans claim and are celebrating a notable victory over the Russians in East Prussia, including the taking of no fewer than 64,000 prisoners.

The German note to the United States is still occupying the attention of British, Dutch and Scandinavian newspapers while German newspapers continue to assert that in the face of starvation Germany must enforce her sea blockade regardless of the consequences.

For several days past, the fighting in the western arena of the war would seem, judging from the reports reaching London, to have been in favor of the allies. The Germans have been counter attacking violently, but they appear to have had heavy losses. The pressure of the allies has no doubt been times to keep the Germans busy during developments in the East and to prevent the withdrawing of forces for the relief of the eastern line as was done in December.

## TANK SHIP HITS MINE OFF DOVER

(ASSOCIATED PRESS TELEGRAM)  
Liverpool, Feb. 19.—Via London.—The Norwegian tank steamship Belgrade which sailed from New Orleans, Jan. 28 and Newport News Feb. 5, for Amsterdam, struck a mine today off Dover.

The vessel was only slightly damaged by the explosion and she probably will finish her voyage to the Dutch port.

## PHILIP S. SMITH DIES OF INJURIES; STRUCK BY O. E. CAR

Philip S. Smith of Hebron, who was struck by an Ohio Electric interurban car near Kirkersville Sunday evening, Feb. 7, died at the city hospital Friday morning at 2:30 o'clock of injuries received. He never fully regained consciousness following the accident. He suffered a fractured arm and shoulder and it is believed that a blow on the head caused concussion of the brain, though there was no fracture of the skull.

Mr. Smith was a farmer who had lived practically all his life in the vicinity of Hebron. He was past 65 years old at the time of his death. He was born at Hebron, O., August 12, 1849, being the son of Ambrose Smith. He was educated in the district schools near Hebron and after reaching manhood took up farming as a vocation. He was at one time treasurer of Union township.

He is survived by his wife who was formerly Laura Davis, to whom he was married August 13, 1913. His first wife who was Barbara E. Sutton, died March 25, 1909.

He also leaves one sister, Mrs. William Lamb of Newark, and six nephews and nieces. They are Philip Lamb of Newark, W. S. Lamb of Columbus, Mrs. Helen Anderson of Newark, George Smith of Hebron, Annie and Blanche Smith of Hebron.

On the day he was hurt, Mr. Smith had been spending Sunday at the home of Mr. and Mrs. Martin, south of Kerkersville. He had started home with his wife and when they reached the interurban line, Mr. Smith attempted to signal the approaching car. As he stooped to strike a match as a signal, the car struck him. His wife who was with him, also suffered a fractured arm at the time.

The body was removed from the city hospital to the Bazler & Bradley morgue and prepared for burial. Later, it will be taken to Kerkersville where funeral services will be held Monday afternoon at the Baptist church. The Odd Fellows lodge of Hebron of which the deceased was a member, will conduct the services. Burial in the Kerkersville cemetery.

## LEAK SPRUNG BY STEAMER; 7 IN CREW

(ASSOCIATED PRESS TELEGRAM)  
Norfolk, Va., Feb. 19.—Captain P. Ueberroth, of the Coast Guard cutter Seminole, reports by wireless he is standing by the schooner Phineas W. Sprague, of Thomaston, Maine, with crew of seven, bound from Mobile to New York and a leak off Cape Lookout. The Seminole will tow the schooner.

## MASKED ROBBERS RIFLE EXPRESS CAR NEAR WASHINGTON

(ASSOCIATED PRESS TELEGRAM)  
Washington, Feb. 19.—Police and deputy sheriffs were scouring the Virginia hills today for two masked robbers who raided the express car of the Seaboard Airline's Florida flyer, just after it passed Alexandria, Va., last night, but got only an empty safe for their risk.

The two robbers boarded the express car as the train stopped at Alexandria station, almost within sight of the Washington monument and bound and gagged the messenger. The speed and noise of the moving train apparently discouraged them in their efforts to open the safe as they rolled it out of the car door and then jumped after it. The helpless messenger rode on, and the robbery was not discovered until after the train reached Richmond, three hours later.

Two suspects applied for lodgings in Alexandria in the early morning and disappeared later.

## DEFEAT FOR RUSSIANS A SEVERE ONE

(ASSOCIATED PRESS TELEGRAM)  
Berlin, Feb. 19.—(By wireless to Sayville, N. Y.)—Further reports concerning the German victory of the Mazurian lakes, in East Prussia, makes it apparent that the Russian defeat was a severe one. German military officers in Berlin doubt whether much remains of about five Russian army corps which were engaged in recent battle.

While the Russians may have saved some of their artillery through quick retreat, it seems certain, army men say, that troops to the number of at least 150,000 are no longer to be reckoned with by the German armies.

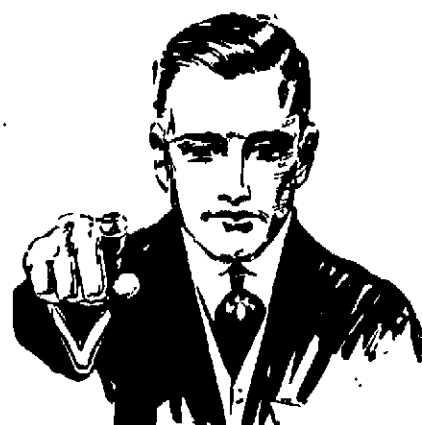

The clearing of the Austrian crown land of Bukovina of the invaders also is taken by German officials to mean a Russian defeat on the other extreme wing of the operations in the east.

## TOLLS FROM THE PANAMA CANAL EXCEED \$2,000,000

(ASSOCIATED PRESS TELEGRAM)  
Washington, Feb. 19.—Up to Feb. 2, after the Panama canal had been in operation just thirteen days short of six months, the total amount of tolls received passed the \$2,000,000 mark.

The total amount of cargo transported in January was 448,857 tons, making a total of 2,192,456 tons passing through the canal from the date of its opening up to Feb. 1. The trade between South America and the U. S. and Europe was the largest item amounting to 112,695 tons, and the next was the westward bound coastwise traffic amounting to 162,600 tons.

## CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

## PREDICT

(Continued from Page 2.)  
action. As amended by the house today, the bill would make an exception and allow a physician to disclose the physical condition of a man or woman before marriage to persons having cause to be interested.

Advertisements may not refer to tuberculosis, consumption, cancer, kidney disease, or private ailments, nor may they promise "free consultation."

Fee splitting is prohibited except where the patient has knowledge of such a division of fees between physicians.

Use of "firm names" also is prohibited by the Hoy bill.  
From the Democratic side of the house today came a new economy proposal to reduce \$100,000. Representative Nungesser, of Crawford, Democrat, introduced a bill to cut the pay of the chief justice of the supreme court from \$7,000 to \$6,000; judges of the court of appeals from \$6,000 to \$5,000 and common pleas judges from \$3,000 to \$2,500 as the minimum and \$15 additional for each thousand population instead of \$25 for each thousand.

Representative Stevens, of Guernsey, introduced a bill authorizing municipalities to publish ordinances in only one newspaper when only one exists in the municipality, or to use posters if no newspaper is published.

The Reighard appropriations bill, carrying an additional \$118,000 allowance put on it by the finance committee before it was reported back today was made a special order in the house for Tuesday afternoon. The bill now appropriates a total of about \$5,500,000 for the four and a half months period ending June 30. The finance committee added \$80,000 for the armory board, \$20,000 for appraisal work of the utilities commission, and \$6,000 for the highway department.

The senate today passed the Reighard deficiencies appropriation bill allowing \$6,000 for the banking department and \$8,000 for the house of representatives. The house already had passed it.  
Representative Hoy's resolution proposing a legislative investigation of the civil service system was reported to the house today by the civil service committee without recommendation.

## Readers' View Point

From Auditor Dodd.  
Editor of The Advocate:—In your story yesterday entitled "Facts Concerning the Subway Bond Sale Story," you misquoted me when you said "City Auditor Dodd in a conversation with the Advocate Wednesday stated that the legality of the advertisement was questioned by the representative of Otis & Company of Cleveland, bond buyers, one of the bidders present when the bids were opened."

You are wrong in this. Otis & Company had a representative present on the day of the sale in the person of Mr. Twopen, but he did not raise any question at the time nor since in regard to this matter. In fact, they as well as others have been so anxious to secure these bonds that I have had several communications from different bond buyers who were unsuccessful bidders requesting an opportunity to again take up the matter should Seasongood & Mayer for any reason whatever turn down the bonds. I have learned that this whole rumor started from a conversation between a representative of one of the unsuccessful bidders and a banker in the city in which the statement was made that the bonds should have been advertised once a week for four weeks. But that same bond buyer had secured a complete transcript of all the proceedings including a proof of publication of the bond sale, prior to the day of the sale, and with all this information at hand, saw fit to make an unconditional bid for the bonds; and although the premium bid by him was lower than three other bids offered, yet he insisted on the award being made to him and stated he stood ready to take the bonds at once. Does this look like he questioned the legality of the issue?

You state "the legality of the bond sale is questioned," and then you proceed to quote me as above, leaving the impression that the legality of the bond sale is questioned by myself. I wish it distinctly understood that I do not question it for one minute. The advertisement was made strictly in accordance with Section 3824 of the General Code of Ohio, and other sales have been made in the past year and a half in the same manner and no question raised. A sale of more than \$20,000 was made about a year ago and the transcript of proceedings was passed upon by one of the leading firms of attorneys in this city and no question was raised. A recent sale was made of more than \$58,000 to a firm in Toledo, one of the leading bond buying firms of the state, and the question was not raised. City Solicitor Norpell says the advertisement was in every way regular. There are some at least who do not question the legality of the sale. The matter is up to the successful bidder and it is for them to say whether they will take these bonds or not, and in the meantime let Dame Rumor hold her tongue.

I trust you will see fit to give the above communication the publicity it deserves.  
A. NELSON DODD,  
City Auditor.

Auditor Dodd's communication is printed in full. While a hasty reading of yesterday's article might lead one to believe that Mr. Dodd himself questioned the legality of the bond advertising, the statement did not say he did question it but did say that Mr. Dodd admitted the legality had been questioned. It was Mr. Dodd who ordered the bond sale advertisement published and he did so doubtless under the advice of the solicitor. Formerly it was customary to give a bond sale advertisement our insertions, one week apart. One of the bidders for the bonds personally insisted to the Advocate that the issue was irregular and as stated yesterday, the attorney for the successful bidder when called over the phone in Cincinnati refused to express an opinion on the matter. The Advocate has simply published what the bankers and the bond-buyers themselves have had to say about the matter. If it should turn out that the bonds are not taken it will be an easy matter to re-advertise the issue and sell the bonds within a very short time.

**Samose Will Make You Plump and Rosy, Says W. A. Erman & Son.**

If you are getting thin you are sick, although you may not know it. If you are losing weight steadily there is something wrong that needs looking after. If you have always been thin it doesn't follow that you are sick, but you may not be healthy. You cannot be strong if you are thin. Try then to be healthy and plump; it is not difficult if you know how. The only way to increase the weight and gain health and flesh is by using Samose, the standard flesh-forming food and tissue builder. It mingles with the food you eat and is assimilated so that all the flesh-forming and tissue building elements of the food are retained in the system. This explains the great value of Samose.

W. A. Erman & Son sells every package on a genuine guarantee to refund the money if it does not do all that is claimed for it.

## Washing Won't Rid Head Of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.  
Do this tonight, and by morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.  
You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.  
You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

## Divorce Sought.

Petition filed in action for divorce, alimony and custody of children, by Grace Miller against her husband, George Miller and the American Bottle Co., wherein Mrs. Miller seeks to enjoin the Bottle company from paying to her husband such money as is now due him. Mrs. Miller, in her petition, charges her husband with cruel and inhuman treatment, using foul, vulgar and indecent language in the presence of their four children, with habitual drunkenness, extreme cruelty, incendiarism, and gross neglect, and states that she is in continual fear of her life because of threats made by him. They were married in Newark, April 2, 1914, and have three children whose ages range from nine to eighteen years.  
Wild animals work great havoc in India's wheat fields, it is reported.

## FEEL YOUNG! It's Dr. Edwards' Olive Tablets For You!

Beware of the habit of constipation. It develops from a few constipated days, unless you take yourself in hand. Coax the laxated bowels back to normal action with Dr. Edwards' Olive Tablets, the substance for calomel. Don't force them to unnatural action with severe medicines or by merely pushing out the intestinal with nasty, sickening cathartics.  
Dr. Edwards' Olive Tablets open the bowels; their action is gentle, yet positive. There is no pain or cramping when Dr. Edwards' Olive Tablets are used. Just the kind of treatment old persons should have, and have no trouble with your liver, bowels or stomach.  
Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil, you will know them by their olive color. Take one or two occasionally and have no trouble with your liver, bowels or stomach. 10c and 25c per box. All druggists.

OF NEWARK, OHIO

# Meeting to Discuss The Passenger Rate Increase Was Very Well Attended

That the prosperity of Newark, and the business world in general, hinged on the granting by the state legislature of the one-half cent increase in passenger rates asked for by the railroads, was the contention of W. H. Fisher, Columbus, general passenger agent of the Hocking Valley Railway, in his talk, Thursday evening, in the council chambers to the business men of Newark.

This meeting called by the railroads was exceedingly well attended by representative business men, of the city. The council chamber was so crowded that a great many, of those present were forced to stand throughout the meeting.

Upon motion of Harry P. Scott, Carl Norpell was elected chairman of the meeting and H. C. Cochran, secretary. In opening the meeting Mr. Norpell stated that it was his impression that the object of the railroads in calling together the business men for an informal discussion of the increase in passenger rates was due to a campaign of education to create or develop sentiment favoring the two and one-half cent increase. He said further, that the railroads claimed that the cost of operation had increased in a greater proportion than had the earnings with the result that hundreds of thousands of men had been thrown out of employment. He declared that in Ohio alone, 26,000 men were out of work because of this very fact. He called first upon Mr. Fisher of the Hocking Valley line.

In opening his talk, Mr. Fisher said that this campaign of education had been inaugurated by the passenger agents of the Ohio lines and like every other undertaking of its kind needed some one to direct the work. He had been chosen, he thought, because of the fact that he represented the smallest line in the state, whose greatest share of work was the hauling of coal.

"There is a growing sentiment in favor of the railroads," said Mr. Fisher, "and other lines as well, such as insurance and other public service corporations. The railroads have been pressed harder than any of the other lines, but the sentiment is changing."

"When the law was passed in 1906 reducing passenger rates from 3

cents to 2 cents, no investigation was made as to how the reduction would affect the railroads. That law was only one of a score of others that pressed the railroads.

"Newark is a railroad town. At least twenty-five per cent of this city is dependent upon the railroads for its living, therefore, the prosperity of the railroads is as much your business as it is of the railroads themselves. The railroads are the first to feel any business depression, and they are also the first to feel the optimistic trend toward a betterment. You must not consider all corporations or public service corporations bad."

"The Interstate Commerce Commission in investigating conditions prior to granting the 5 per cent increase in freight rates, demonstrated by actual figures that the passenger rates were not sufficiently high to cover the cost of operating the passenger department. The Commission went into all the ramifications of the railroad business and found that the leakage was in the passenger department, not in the freight department, and it declared that a passenger rate of two and one-half cents per mile was fair and reasonable."

Quoting population per square mile, Mr. Fisher showed the average passenger rates of the various states and said that all the states east of Ohio had granted the increase. He declared that in Massachusetts, where the population per square mile was 418 persons, the passenger rates varied from two and one-half cents to five cents, and compared it with Ohio where the population is 117 per square mile with a maximum of two cents per mile fare.

This has resulted, according to Mr. Fisher, in the loss to the railroads of earnings amounting to between eighteen and twenty million dollars. He showed how the Norfolk and Western, one of the best paying railroads in the United States spent 98 cents of every dollar earned in carrying passengers and that was without taking into consideration the taxes it paid, operating under the 2-cent passenger rate law.

Mr. Fisher closed his talk by saying that he wanted every one to understand fully just what the railroads were after and he felt that

when the people did understand, he could leave the matter to their sense of fair play and justice.

"We do not come before you men, tonight, as lobbyists or as gum shoe artists," said B. N. Austin, Chicago, general passenger agent of the B. & O., who was the second speaker of the evening, "but as one business man to another. When we are prosperous, you are prosperous."

"The railway companies operating in the States of Ohio, Indiana, Illinois and Michigan believe that a fare of two cents per mile is not remunerative, and this opinion is quite evidently concurred in by the Interstate Commerce Commission. They have long been aware that the net returns from passenger service are inadequate."

"A system of accounting whereby expenses are divided between the freight and passenger business has been in effect on the Pennsylvania lines for a long time. Using the Pennsylvania figures as a basis, that is, allowing 65 per cent of the earnings to come from the freight department, and 35 per cent from the passenger department. So far the only road that has reached that figure was the Lake Shore, whose passenger earnings amounted to 28 per cent. The B. & O. passenger earnings have amounted to but 17 per cent of the total earnings."

In order to bring the matter closer home, Mr. Austin presented the December report of the passenger train earnings showing that the trains that carry business in and out of Newark, some of them, did not even pay the wages of the train crews. He showed how train No. 103 from Pittsburgh to Cincinnati earned per passenger mile \$1.49 in 1914 against \$1.66 in the same month of 1913; 104 showed earnings for 1914 of \$1.63, against \$1.77 for 1913. He also showed that trains operating between Newark and Columbus, a distance of 33 miles, earned this last year but 12 cents per passenger mile which, he claimed, did not even pay the wages of the train crew.

In concluding his remarks, he told the following story to illustrate his point of how little the railroad actually got for passenger transportation. A man leaving the hotel in Newark for a town some seven miles away, paid 15 cents fare on the railroad. This same man paid 25 cents drayage to have his trunk hauled to the depot. When the trunk was deposited at the depot the railroad had to assume all the liability besides carrying this 150-pound baggage to its destination. When the man reached his destination he paid another 25 cents to have the trunk hauled to the hotel, and then probably tipped the porter at the hotel 10 cents for taking care of it. A ninety-cent transaction, of which the railroad received 15 cents.

"The railroads are hard up," said W. S. Richardson, general passenger agent of the Pennsylvania lines, in opening his talk. "Therefore they do not spend the money they should. They lack of new capital prevents their making many needed improvements. Between this and reduced current expenditures the effect permeates all down the line from manufacturer to jobber, to retailer, and finally to the workman."

"The railroads have passed the margin of safety between income and outgo. The number of employees is reduced wherever possible. Buying of supplies is curtailed. The improvements are tabooed. Dividends are cut. Thousands of small investors suffer reduced incomes. Thirty railroads are now in receivers hands. Others are passing dividends while some pay dividends out of the surplus that should go for extensions."

Mr. Richardson's talk was of a general nature and dealt with the conditions into which the railroads have drifted while trying to operate under the 2-cent passenger rate, and showed to what extent this condition affected us right here in Newark.

Following Mr. Richardson's remarks, the men present were asked to express their sentiment in the question. Mr. Norpell opened the round table discussion by calling upon Mr. Kibler.

"It is hardly appropriate for you to call on me," said Mr. Kibler, "for I have been connected with the B. & O. legal department for the past thirty years, but I do know this much, and that is, during that time I have seen an unexplainable flood of legislation against the railroads has overshot its mark and that we are feeling the result of it right here in Newark. The B. & O. has loaned to its employees in this city more than \$1,000,000 out of its loan association fund, to pay off debts that these some employees had contracted. Now these men are so situated that it is almost impossible for them to meet their expenses and they are unable to pay their dues in the association."

"The railroad is a public service corporation. If laws are legislated that affect its business and it sustains losses, it cannot quit business and go away as a merchant can. It is compelled to go ahead. There are thirty railroads in the hands of receivers now. What conditions will result if steps are not taken to relieve the situation."

"I firmly believe that the railroads are in need of assistance," said Roderic Jones. "I was thoroughly of the opinion that an increase in freight rates should be granted them. Inasmuch as I have not gone deeply into the merits of the increase in passenger rates, I am not prepared to make a statement. I believe, however, that the railroads are entitled to the confidence of the people; that they are entitled to charge such rates as to make the roads reasonably remunerative and that they should be accorded the same justice we would accord a merchant of our own city."

After a few remarks from the chairman, Harry P. Scott read a set of resolutions and upon motion they were unanimously accepted by the meeting. So enthusiastically were those present that each man came forward to sign the resolutions. They are as follows:

**The Resolutions.** Whereas, The Interstate Commerce Commission after an exhaustive investigation extending over several years, has declared the pas-

## MUSTARINE BEST FOR SORE THROAT AND CHEST COLDS

Cures Over Night—Prescribed by Doctors for 15 Years, for Tonsillitis, Pleurisy and Bronchitis.

Just rub on Begy's Mustarine if you want to get rid of that cold in chest or sore throat in double quick time. It will not blister and you can get a big yellow box of this original, real mustard plaster substitute for 25 cents.

A box is equal to 50 blistering mustard plasters and with it you can stop toothache, headache and earache in 10 minutes. Nothing so quick and effective for stopping rheumatic pains, neuritis, neuralgia and lumbago.

Be sure it's Begy's Mustarine, the original in the yellow box. The new 50-cent size contains two and one-half times as much as the 25-cent size. It's great for chilblains and frosted feet and money back if it isn't by far the best mustard preparation on the market. T. J. Evans can supply you.

**Honest About It.** "Where have you been, my dear?" "To my literary club." "And what did you discuss at your literary club?" "Shakespeare and circular skirts. Emerson and perpendicular plumes. Browning and military collars. I think that's all."—Louisville Courier-Journal.

Miller September 24th 1902, and recorded Vol. 143, page 316. You are further notified that the above named plaintiff also avers in said application that the debts against and costs of administering the estate of said Mary E. Miller, deceased, are in excess of the value of her personal estate and that it is necessary to sell said real estate to pay said debts and costs, and that an order to sell said real estate for such purpose is asked for in said application. You are hereby required to answer said application on or before the 20th day of March, A. D. 1915, and show cause, if any you have, why the prayer of said application should not be granted. And unless you appear at said court on or before the time aforesaid and make answer or other plea to said application your default will be recorded, the said application will be taken as confessed, and you will be forever barred from contesting said application or any decree entered thereon. Witness Robbins Hunter, Judge of said court, this 11th day of February, in the year nineteen hundred and fifteen.

## Good Manufacturing!

If you know where to look, you will find on the outside of every case of Safe Home matches certain numbers, letters or symbols. To you these mean nothing. To us they mean a very great deal. They tell us many things, and enable us to determine:

- (1) When the matches were made—year, month, day and hour.
- (2) Where they were made—in which of five factories and on which of several hundred machines!
- (3) The temperature and humidity in the air at the time of manufacture!!
- (4) The names of the men and women who made them!!!

Does this impress you as good manu-

facturing? Or doesn't it?

We refer to it, not in a spirit of boastfulness, but to give you an idea of the extraordinary care that marks every step in the making of Safe Home matches.

The experiments and tests which we have made, in an honest effort to produce a perfect match, have cost us about a quarter of a million dollars. Why did we do all this research work? Because it is good business—because, in the long run, it will pay.

We do not ask you to pay more money for matches than you have been paying—merely to see that you get better matches for what you do pay. This you can do if you ask for Safe Home matches by name.

How can the women expect to vote intelligently, when you almost never see them reading the baseball news along with the men?

If corn, rye and other coarse foods only cost as much as fine white wheat flour, they would no doubt be equally popular.

Horses for farm work may be scarce next summer, owing to big shipments to Europe, but little alarm is felt as long as the automobile is left for pleasure riding.

The fact that a man sits up to 11 p. m. studying the seed catalogue does not necessarily mean that he will work in the garden until 11 a. m. on some of those warm spring days.

The method prevailing in society of studying the life and character of George Washington, is to cut hatchets out of red paper and paste them on the bridge scores for the afternoon.

The lack of any full moon in February this year is causing considerable anxiety in the newspaper offices, but the young people find plenty of other excuses for long evening walks.

## The Peanut King.

Reminiscent suggestions are stirred by the death of Pembroke D. Gwaltney, of Smithfield, Va., for many years known as the "peanut king." Mr. Gwaltney had much to do with popularizing this typical American product.

The five cent bag of peanuts was one of the social facts of the 19th century. When you took the small boy to the circus, a bag of peanuts stirred the juvenile heart, and filled that illimitable cavity that served him as a stomach.

Also when you took your best girl to the ball game a good sized bag of peanuts was a handsome and adequate treat. The customary brown paper bag was attractive enough.

Your young women friends might not be satisfied with any five cent treat of peanuts today. Also the offerings to their robust hunger must have a more artistic setting than brown paper. It takes a dollar lot of candy, put up in shiny boxes with color printing and picture decoration to give equal pleasure today.

Young rowdies of a roucher period seemed to delight in shelling peanuts.

## Merchant Marine.

There have now been admitted to American registry under the law of last August 129 vessels with a tonnage of 465,000. Contracts for building several seagoing steamers of good size have lately been given to American shipyards, the yard at Sparrows Point is being enlarged and that at New London put in order to resume work. It looks as though the American merchant marine might take care of itself.—Philadelphia Record.

## Charity Acceptable.

Commerce between the United States and the various war zones in Europe is interrupted in many ways, but American money contributed to charity goes everywhere, and ships carrying free food, clothing and medical supplies are received at all ports with distinguished consideration. As philanthropists we are acceptable. As a business men we may be put out.—New York World.

## New York's Mayor.

One of the speakers at the meeting of Methodist ministers alleged that the Mayor "has time to tango till 3 a. m. but no time to take up the Sunday closing question." Was this argument intended to harm His Honor or merely to reveal him as a representative citizen?—New York World.

## Solid Support by the Country.

It is rarely, indeed, that an act of any administration in the United States meets with such a universal chorus of approval as the recent strong and thoroughly American declaration to Germany showing how the Government would look upon the destruction of American ships or the deaths of American citizens within any "war zones" constituted by usage of the German Admiralty. Every newspaper of any importance that we have seen unhesitatingly and ungrudgingly backs up in its editorial columns that vigorous exposition of what the American flag stands for, and will continue to stand for, on the high seas.—Boston Post.

## Airship Raid.

The airship raid on the German bases in Belgium must have been undertaken for the single purpose of striking a blow at the submarine menace to Great Britain. It was made in greater force than has been reached by any previous expedition of the kind since the beginning of the war. Thirty-four air machines took part in the action. The one thing it is possible to see clearly now is that Great Britain is aroused to a sense of her danger, and of her responsibility to defend herself, without expectation of having neutrals share her responsibilities and dangers with her. That is the outstanding fact in the new phase of the situation which the air raid presents.—St. Louis Globe Democrat.

## Votes For Women.

Massachusetts, New York, New Jersey and Pennsylvania will probably all vote on constitutional amendments to enfranchise women next fall. If the amendments should be approved by these reputedly very conservative States the innovation would be almost sure to sweep the country; defeat in these Commonwealths would give woman's suffrage a setback from which it would be hard to recover soon. In fact defeated amendments, according to many State Constitutions, cannot be resubmitted until the lapse of several years. This alone would prevent an early renewal of effort, to say nothing of the discouragement following an adverse vote. The "cause" is in the way of meeting its Austerlitz or its Waterloo this year.—Philadelphia Record.

## Open To Suspicion.

United States senators, by innumerable, have attempted to connect the international banking house of Kuhn-Loeb & Co., and officers of the United States government, with a plot to further the shipping bill for personal reasons. The same interests that favored the shipping trust and fought President Wilson on the Panama tolls measure, are now active in opposing a government-owned merchant marine. May it not rather be that the great shipping combine, The International Mercantile Marine, owning many lines of trans-Atlantic vessels, is muddying the waters by putting out the veiled charges against others, while they themselves scheme to mulct the shippers of America by high rates for carrying our products to a waiting world.—Columbus Dispatch.

## Lincoln's Reward.

Look at Lincoln! He didn't have half the chance of most of us, but the few hours that he stole from his busy boy life were made to count. And now, after a slender chain of years, the nation spends a golden day doing honor to him and people mention his name with tenderness and perhaps a bit of awe. Look at the rugged mountain face, and the mouth that is wistful, and think of the disappointments he went through; think of the strain of seeing a country—his own country—going to pieces, and knowing that the fragments lay in his own hand. And then, friend's eye mine, look at the eyes. The eyes that carry you to a mountain top with peace and calm and birdsongs Oh, girls—young and old—and boys, too, catch the Lincoln spirit and make good. You have twice his chance.—The Christian Herald.

BILLY SUNDAY.

His language jars the purist's soul, his methods jolt some sects and cults, he springs a slangy rignarole—but Billy Sunday gets results. He uses club and monkey wrench to knock the sinners off their pins; he drags them to the mourners' bench, and makes them shake their sordid sins. "This Sunday isn't orthodox," the old line clergyman declares, "for like an auctioneer he

talks, and mixes argot with his prayers. He isn't ladylike at all, and his success perplexes me: I talk to empty pews and stalls, while he makes legions bend the knee." Still Billy follows up his plan; with Peter's fiery zeal endowed, he talks to you as man to man, and speaks the language of the crowd. You hear his voice like trumpet ring, and know, while truths around you whiz, religion is a vital thing, that you are needing in your biz. No doubt you go to hear and scoff, or while some idle hours away, but when he reels his sermon off, you join the push, and kneel and pray. Perhaps he isn't as refined as you would like, but what's the odds? He makes old Satan get behind, and makes men tired of phony goods.

A man went in a dry goods store and bought a lot of stuff.  
 He had a real bad temper and his manners they were rough.  
 He said to the saleslady, "You will send these here things, mam."  
 And when the girl said, "What name please?" he said, "O. U. B. Dahm."  
 The poor girl gazed at that rough man and blood red was her cheek.  
 "You'd better have a care," she said, "and choose the words you speak."  
 The man in anger said to her, "Say, what's wrong with your head?"  
 And then he shouted in her ear, "O. U. B. Dahm, I said."  
 That brave girl did not falter then. No tears came to her eye, but she faced that there fellow and did make this here reply:

## SOFT FLUFFY HAIR IS FIRST AID TO BEAUTY

If your hair is not fluffy, soft and lustrous, is falling out, streaked, faded, brittle, or full of dandruff, and if the scalp itches, do not think it must always be that way, for pretty hair is only a matter of care and the use of the proper hair dressing. Your hair is like a plant—if neglected it soon dies, while with a little attention it keeps fresh and beautiful.

Parisian Sage is a scientific preparation that supplies just the elements needed to invigorate the hair roots and stimulate your hair to grow long, thick, fluffy, soft and lustrous. It removes all dandruff with one application and quickly stops itching head and falling hair. It is the ideal hair tonic and scalp treatment—contains nothing injurious and is delicately perfumed.

T. J. Evans, or any druggist, can supply you with Parisian Sage—it is inexpensive. You cannot be disappointed with this delightful and helpful toilet necessity, for it will surely give your hair the beauty and charm of youth.

## Society

The Woman's Home Missionary society of the East Main Street M. E. church met Wednesday afternoon with Mrs. Richard Mathison on Tuscarawas street with a very large attendance. The following program was given: Devotional—Mrs. Charles Laughlin. Roll call—Indian Geographical Names. Reading, Black Hawk's Conclusion—Mrs. George Harwarth. Mistakes and Successes in the Indian Field—Mrs. Guy Lawyer. Piano, Indian Suite—Mrs. Carl F. Helm. Paper, Missionary Societies and Indian Problems—Mrs. Frank Woolard. Story, Chief Sitting Wolf's Visit to the Great White Father—Mrs. Harry Woodward.

Mrs. Catherine Fleming was very pleasantly surprised, at her home in Hancock Wednesday, at being the seventy-second anniversary of her birth. A bounteous dinner was served to the following guests: Mr. and Mrs. Robert Fleming and daughter Martha, Mr. and Mrs. C. B. Arnold and daughters Margaret and Caroline. Mr. and Mrs. Morgan Rodgers, Mr. and Mrs. Frank Hollister and daughter Anna, Mr. and Mrs. John Hollister and sons John and Martin, Mr. and Mrs. John Walrath and children, Mrs. Jessie Leatherman, Miss Laura Hollister and Mr. Bert Fleming, all of Hancock, and Mr. and Mrs. Henry Longshore, Mrs. William Melton and children and Miss Amanda Hollister all of Newark, and the hostess. All departed, wishing her many more happy birthdays.

Miss Thora McDonough will entertain the Photozeta club tomorrow at 3:00 o'clock at her home in East Main street. A play, "She Organized a Club," will be given.

**OWENS-LARSON.**  
The wedding of Miss Lillian Larson and Mr. Richard Owens was solemnized on Thursday evening at the parsonage of the First M. E. church, in North Fifth street, and was witnessed by the immediate families of the bride and bridegroom. The bride wore her traveling suit, and was unattended. Rev. L. C. Sparks read the marriage service and immediately following the ceremony, Mr. and Mrs. Owens left for a bridal trip east, visiting New York and Philadelphia.

The bride is the daughter of Mr. and Mrs. William Larson of West Main street, while the bridegroom is the son of Mr. and Mrs. T. D. Owens of the Sharon Valley road. Mr. and Mrs. Owens will be at home in Sixteenth street after March 1.

Mrs. R. S. Phillips entertained the members of her sewing club on Thursday afternoon at her home in West Church street. The rooms were prettily arranged with pink and white carnations and luncheon was served. The following were guests of the club: Mrs. J. A. Flory, Mrs. Helen Franklin, Mrs. M. M. Jones, Mrs. Evans, Mrs. Frank Elliott, Mrs. W. P. Miller, Mrs. R. F. Kilpatrick, Mrs. S. W. Haight, Mrs. Wm. Tucker, Mrs. Wilson Hawkins, Mrs. Kate Kanner, Mrs. John Ankete, Mrs. Mary Miller and Mrs. Louis Flory of Granville.

Mrs. Phillips was assisted in entertaining by Mrs. W. W. Gard and Miss Lenora Phillips.

Mrs. D. E. Schrock was hostess to the members of the Y. M. W. club on Thursday afternoon. The luncheon appointments were especially attractive and covers were laid for ten.

The ladies of the Sunshine club, together with their husbands, spent a few delightful hours Thursday evening at the home of Mr. and Mrs. Dick Curry in Oak street. Incidentally the occasion marked the birth anniversary of Mrs. Curry, and she was remembered with a beautiful gift from the guests. Choice instrumental music was another feature of the evening.

An appetizing luncheon was enjoyed by the following: Messrs. and Mesdames S. R. Smith, John Burrell and children, Lee Bratton and daughter, Floyd Graham and son, Walter Reese, Paul H. Ziegfeld, Clyde Garrison and children, Miss Curry, Mrs. Shun Longman and son, Mrs. DeVore and daughter, Mrs. Ed Ross, Mrs. Jewell and Mr. Lyle Curry.

### THE DOCTOR'S WIFE

Agrees With Him About Food.

A trained nurse says: "In the practice of my profession I have found so many points in favor of Grape-Nuts food that I unhesitatingly recommend it to all my patients. It is delicate and pleasing to the palate (an essential in food for sick) and can be adapted to all ages, being softened with milk and cream for babies or the aged when deficiency of teeth renders mastication impossible. For fever patients or those on liquid diet I find Grape-Nuts and albumen water very nourishing and refreshing.

"This recipe is my own idea and is made as follows: Soak a teaspoonful of Grape-Nuts in a glass of water for an hour, strain and serve with the beaten white of an egg and a spoonful of fruit juice for flavoring. This affords a great deal of nourishment that even the weakest stomach can assimilate without any distress. My husband is a physician and he uses Grape-Nuts himself and orders it many times for his patients.

"Personally I regard a dish of Grape-Nuts with fresh or stewed fruit as the ideal breakfast for anyone—well or sick."

In stomach trouble, nervous prostration, etc., a 14-day trial of Grape-Nuts will usually work wonders toward nourishing and rebuilding and in this way end the trouble. Name given by Postum Co., Battle Creek Mich.

## YOUR FRECKLES

Need Attention in February and March or Face May Stay Covered.

Now is the time to take special care of the complexion if you wish to look well the rest of the year. The February and March winds have a strong tendency to bring out freckles that may stay all Summer unless removed. Now is the time to use othine—double strength.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful that it is sold by Evans' Drug Store or any druggist under guarantee to refund the money if it fails. Get an ounce of othine—double strength, and even a few applications should show a wonderful improvement, some of the smaller freckles even vanishing entirely.

## ARE SEEKING STATE WIDE PROHIBITION

Indianapolis, Ind., Feb. 19.—Petitions for state wide prohibition, signed by approximately 20,000 men and women of Indiana, were presented to the legislature here today. A bill providing for state wide prohibition has been introduced.

## OHIO SOLONS ARE ADDRESSED BY A NOTED SUFFRAGIST

Columbus, Feb. 19.—Miss Christabel Pankhurst, English suffragette, addressed members of the house and senate after adjournment today in the house chamber. She was introduced by Speaker Conover. Word passed quickly through the capitol halls that the English militant was speaking and officials and stenographers came running to the house chamber. She told the legislators the greatest duties of the United States during the war period are to maintain neutrality, to improve government by giving women the vote and to abolish social injustice by changing economic conditions. Miss Pankhurst urged enactment of the Hoy bill to give mothers equal guardianship over children with fathers.

## Advices Against Hasty Return of the Fugitives

London, Feb. 19.—Official warning has been issued at Berlin against hasty return to their homes of fugitives from East Prussia, says an Amsterdam dispatch to Reuters' Telegram Company. Although housing accommodations and food supplies are not sufficiently guaranteed to make it advisable for women and children refugees to go back at present, municipal and state officials are urging the return to East Prussia of former residents who have without families.

Mrs. J. E. Grafton, 177 Union street reported to police headquarters Friday that her 6-year old son was missing from home. She gave a description of the lad but a few hours later called and reported that the youngster had returned home.

## Obituary

**James Longshore.**  
Mrs. James Longshore, aged 59, a widow, died at Grant hospital at Columbus, Thursday morning at 5 o'clock from cancer. Her home was in Johnstown, where the body was sent Thursday evening by the Brown-Myers Co. She is survived by two sons and three daughters. The funeral will be held Saturday morning at 11 o'clock at the Johnstown Presbyterian church.

**Ira Edward Cook.**  
Ira Edward Cook died at his home in Mt. Vernon, Thursday, at 3 p. m. after a lingering illness of five months' duration, of cancer. He leaves to mourn his death, his wife, one daughter, a mother, step-daughter and two step-sons. The body will be brought to this city, Friday evening at 7 o'clock and taken Mrs. Her 309 Elmwood avenue, where funeral services will be held Saturday morning at 10 o'clock. The body will be taken to Barne's cemetery Saturday for interment.

**Mrs. Mary E. Hughes.**  
Mrs. Mary E. Hughes, aged 69, died at the State hospital at Columbus, Wednesday at 5 p. m. from bronchial pneumonia. She had been an inmate of the hospital for two months. Her former home was in Utica, Ohio, whither the body was sent Thursday noon for funeral services and burial.

**Mrs. Frank Guckert.**  
Died on Monday, Feb. 15, 1915, at 5:40 p. m., Magdalena, widow of Frank Guckert, in her 89th year, at the residence of her son, William L. Guckert, 226 Waldorf street, north side, Pittsburg. For years the Guckert family made their home on North Fourth street, Newark. Mrs. Guckert was the mother of the late Charles Guckert of Centerville street, Granville, and has made her home there off and on for several years.

Mr. and Mrs. Guckert were the parents of a large family. Two sons, Andrew Guckert and Charles Guckert, are dead. The latter lived in Granville and about two years ago he fell from an apple tree and was almost instantly killed. Of the remaining family Frank J. Guckert and William L. Guckert, and one daughter, Mrs. Zoe Dingfelder, live in Pittsburg, Pa., which was the early home of the family; H. Nicholas Guckert is a business man of Omaha, Neb., and John Guckert is in business in Kansas City, Mo.

The body arrived at 12:50 p. m. today and was taken to the undertaking parlors of James McGonagle, where it can be viewed by friends of the family until 8:30 tomorrow.

The funeral services will be held on Saturday morning at 9 o'clock at St. Francis de Sales church and burial will take place in Cedar Hill cemetery.

**Joseph N. Beall.**  
Joseph N. Beall, 60, a well known B. & O. conductor, died at his home in North street, on Friday morning at 2:35 o'clock. His death came as a great shock to his family and friends, as he was not seriously ill until Thursday afternoon. Mr. Beall had been suffering from rheumatism, but had nearly recovered, when on Thursday he was seized with meningitis.

The deceased is survived by his wife, four sisters, Mrs. W. R. Lynde of Coshocton, Mrs. C. F. Maynard of Trinway, Miss H. T. Pierman of Burlington, Ill., Miss Anna Beall of Rifle, Colorado, and one brother Edward W. Beall of Arizona.

Mr. Beall was a member of the Presbyterian church, and was affiliated with the O. R. C. The arrangements for the funeral have not been made.

**Elmer Neil Swartz.**  
Elmer Neil Swartz, age five weeks, son of Mr. and Mrs. E. L. Swartz, 73 Grant street, died Thursday afternoon about 5 o'clock. Funeral services will be held Saturday afternoon at the home, Rev. P. H. Fry officiating. Interment at Cedar Hill cemetery.

**Mrs. Chloe Harris.**  
Mrs. Chloe Harris, 75 years old, died Thursday night about 9 o'clock at the home of her son, Charles O. Harris, 57 Summit street, her death being due to the infirmities of advanced years. The deceased was the widow of John Harris. She was born July 17, 1841 in New York state, but has resided most of her life in Newark.

She is survived by two sons, Chas. O. Harris, at whose home she died and William Harris who lives in Toledo.

No arrangements for the funeral have been made but services will be held Sunday.

Mr. and Mrs. W. R. Lynde of Coshocton, and Mr. and Mrs. Charles Maynard of Trinway, were called here today by the sudden death of their brother, Joseph Beall.

**Many Recoveries From Lung Trouble**  
Eckman's Alternative has restored to health many sufferers from lung trouble. Read what it did in this case:

"Wilmington, Del.  
"Gentlemen—In January, 1914, I was taken with hemorrhages of the lungs. My physician, a leading practitioner, said that it was lung trouble. I did not know it. I was very weak. Dr. J. C. Lippincott, of Lippincott's Department Store, Wilmington, Del., recommended Eckman's Alternative, that had done great good. I began taking it at once. I continued faithfully, using as other remedies, and finally noticed the clearing of my lungs. I now have no trouble with my lungs. I truly believe Eckman's Alternative saved my life." (Abbreviated.)

## EXERCISE BENEFICIAL TO WOMEN.

Strength Often May be Gained by Judicious Activity on Part of the Sick.

The woman suffering from the ills of her sex often loses ambition and will not exert herself in the least, her muscles become flabby, her circulation bad and nerves wrecked. Another woman suffering from the same ills will lay out for herself a system of convalescent exercises of deep breathing even before leaving her bed. If the woman will but write Dr. Pierce at the Invalids' Hotel, Buffalo, N. Y., she can get free medical advice in such cases, also a 1000-page book with advice on Hygiene, How to care for the sick, Sex problems, Diseases of Women, etc., all for 3 dimes or 30 cts. in stamps to pay for mailing.

Sick women—thousands of them have been cured by the use of Dr. Pierce's Favorite Prescription. It is a woman's tonic that has a singleness of purpose in curing the disease of women only. It establishes regularity, heals inflammation and banishes pain. The dull, sunken eye with its dark circles which comes of suffering is banished—so too is the shallow, sunken cheek, the shrunken form—when this "Prescription" is used. It is a temperance remedy because made without alcohol—of native roots and herbs.

Women who suffer should not wait till a breakdown causes prostration. If you are anxious to correct the derangement of the delicate feminine organs, to overcome irritability and nervousness, waste no time, but get Dr. Pierce's Favorite Prescription in liquid or tablet form this very day at any medicine dealer and tomorrow you will know that you are on the highway to health and happiness. Write for free 130-page book on diseases of women.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.—Adv.

## START WORK TO AID WAR SUFFERERS

The European War Sufferers Committee of Licking County started its work last evening at a meeting held in the offices of The Newark Trust Company. Mr. A. H. Helsey, County Chairman, presided and the following plan of procedure was outlined. W. C. Wells will visit all the smaller towns of the county and organize committees to be at work in those communities collecting funds and supplies, which will be delivered to Newark for shipment. The city has been districted and certain committees placed in charge of each district, who will do intensive work with all persons who should be interested in these sections.

Superintendent Hawkins of the Public Schools in co-operation with F. S. Neighor and C. H. Spencer will send specific information to all families of the city through the school children. An urgent request is made by the committee that all wishing to contribute money or supplies should do so at once. Money may be left in care of Mr. A. H. Helsey at the Trust Company and clothing and other supplies should be left at 15 West Church street. All money raised will be used in Newark to purchase supplies.

## OLD-TIME COLD CURE-DRINK TEA!

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.

A special meeting of the board of directors of the Y. M. C. A. will be held at the Association building tonight at 7 o'clock.

## Seeks Divorce

Petition asking for divorce was filed Friday morning, by Mrs. Laura Petrey against her husband Frank Petrey. The petition cites that they were married in Newark, Oct. 19, 1908, and that four children were born to them. Harold, aged 15, Leroy, aged 12, Raymond, aged 10 and Ira, aged 7. Mrs. Petrey charges her husband with habitual drunkenness, non-support and cruel and abusive treatment, and asks for temporary alimony during the pending of the hearing and permanent alimony thereafter.

## DELIGHTFUL MUSICAL AT GRANVILLE

Denison Orchestra and Pianist  
Render An Excellent Program  
—Receiving Station Opened

(Special to The Advocate)  
Granville, Feb. 10.—The faculty of Denison Conservatory presented Miss Leola C. Brown, pianist, and the Denison Orchestra in Recital hall last evening in Mozart's Concerto in D-major, with Dean Eschman as director. It was a delightful performance. Miss Brown at the piano displaying a marvelous breadth of interpretation and technique and receiving two hearty recalls. The orchestra has made wonderful improvement since last heard, and shows the results of Dean Eschman's efficient training.

Dr. Emory W. Hunt of Boston, former president of Denison University is visiting Granville friends. He was present at the prayer meeting in the Baptist church last evening and made a strong and stirring appeal for help in the Foreign Mission Field.

Mrs. F. P. Kennedy and Mrs. Charles Montgomery of Newark were in Granville the other day and succeeded in securing a room on Broadway to be used as a receiving station for the Belgian relief donations of food and clothing asked for by the Ohio Commission. The station will be ready next Tuesday, February 23, and will close on March 3. Let your grocer put up a nice package of imperishable food, for which you can get suggestions at the Columbus company's Gas office, next door to the Telephone exchange. No money is solicited. New clothing and edibles that will stand shipping. No writing nor printed matter allowed in the package. Let Granville do her share in this work for humanity. She already has done much through organizations, but individuals who have had no opportunity of giving will avail themselves of this easy chance to do so.

Mrs. W. H. Johnson delightfully entertained a dozen ladies yesterday afternoon at her home in Burg street, commencing Mrs. C. B. Newton of Bowling Green.

Yesterday was the twenty-fifth wedding anniversary of Mr. and Mrs. A. P. Nichol, which they celebrated in Columbus with Mr. Nichol's brother Edward.

Mrs. E. Shephardson Orcutt is visiting at the home of her son, Paul Orcutt in Roselle Park, N. J.

Mr. Samuel B. Brierly, president of the Denison Alumni association is reported as a possible Granville visitor over Sunday.

Mrs. J. P. MacLean of Franklin, O., who has been visiting her sister, Mrs. C. B. Slack since Saturday, left yesterday for her home.

Mrs. Katherine Spencer has returned home after a week's visit with her son's family in Columbus, O.

Prof. and Mrs. Frank Ray of Centerville street, left yesterday for Chicago where they will visit relatives. Mrs. Ray expects to go from there to Wisconsin for a short visit.

Miss Kate Thomas, who has spent the past fortnight at the home of Mr. and Mrs. G. M. Strong in Summit street, has returned to her home in McDonnellville, O.

Preparations for the Washington Banquet this evening are about completed. The guest list including over three hundred. The senior class president, Mr. A. C. Hanson, will act as toastmaster.

Mrs. C. B. Newton (Miss Benedict) presided at the organ this morning during chapel exercises in the Baptist church auditorium with her accustomed ease and proficiency.

## OHIO BOY RELIEVED OF SEVERE CASE OF ASTHMA

GEO. W. HILL

Geo. W. Hill, Box 71, New Madison, O., who suffered a severe case of asthma that he sat up coughing most after night and could not attend school, now sleeps well, has a good appetite and attends school every day. His father, a recent letter) gives all credit to Nature's Creation.

On Aug. 31, 1913, Wm. F. Hill, the father, wrote: "My son is bothered the year round with asthma, has a weak heart and poor appetite. He sleeps for an hour at night, wakes up coughing and coughs all night."

In February, 1914, Mr. Hill wrote: "I have given my son four bottles of Nature's Creation and am sure in saying that it has cured him of the asthma. He is now feeling fine and going to school every day. He had the asthma three years and in that time we were up every night. I am glad to say that he can go to bed and sleep all night and am also thankful for what the medicine has done for him."

Every day Nature's Creation is accomplishing results fully as remarkable as the above in cases of tuberculosis, and the conditions leading to it—such as asthma, bronchitis, catarrh, impure blood and run-down system. Every one should know all about this remarkable remedy. If you are interested write to send copy of "Truth," our new booklet, containing photos and testimonials of local persons. It will be sent free of all charges. L. Haymann, 308 Central National Bank Bldg., Columbus, Ohio.

**New York Stock Exchange.**  
[ASSOCIATED PRESS TELEGRAM]  
New York, Feb. 10.—Early dealings in today's stock market pointed to a continuance of the action recently shown by prominent traders. The market was light and nervous, though mainly upward. Baltimore and Ohio as well as the sum of the movement of the previous day, Tennessee Copper developed sudden weakness. Bonds were easy.

**Chicago Grain.**  
[ASSOCIATED PRESS TELEGRAM]  
Chicago, Feb. 10.—Wheat prices advanced today, moved by a strong and decided market at 1 1/2¢ above where the highest figures on the year's crop were peak prices with no movement in the demand. There was a general rush of speculative buying and offerings were very scant and a rise of 3/4¢ cents had been made. Attention centered wholly on March efforts to circumvent the German attempt at a submarine blockade. After opening 1 1/2¢ higher, the market here steadied at about 1 1/2¢ cents under the low level reached.

**Corn associated with wheat.** Buying was on a high scale, with shorts covering active in buying to cover. Country offerings were very small, and there were reports of a big falling off in shipments from Argentina.

The opening, which ranged from 3 1/2 to 4 1/2 cents higher, was followed by additional gains and then a moderate reaction.

In this, the upward tendency of prices was met by free selling on the part of several leading concerns.

Commission houses were the chief sources of demand.

**New York Stock Exchange.**  
[ASSOCIATED PRESS TELEGRAM]  
New York, Feb. 10.—Early dealings in today's stock market pointed to a continuance of the action recently shown by prominent traders.

The market was light and nervous, though mainly upward. Baltimore and Ohio as well as the sum of the movement of the previous day, Tennessee Copper developed sudden weakness.

Bonds were easy.

**Chicago Grain.**  
[ASSOCIATED PRESS TELEGRAM]  
Chicago, Feb. 10.—Wheat prices advanced today, moved by a strong and decided market at 1 1/2¢ above where the highest figures on the year's crop were peak prices with no movement in the demand.

There was a general rush of speculative buying and offerings were very scant and a rise of 3/4¢ cents had been made.

Attention centered wholly on March efforts to circumvent the German attempt at a submarine blockade.

After opening 1 1/2¢ higher, the market here steadied at about 1 1/2¢ cents under the low level reached.

**Corn associated with wheat.** Buying was on a high scale, with shorts covering active in buying to cover.

Country offerings were very small, and there were reports of a big falling off in shipments from Argentina.

happenings of these last weeks, and the standing of their teams. Denison and Mt. Union are heading the list at present. Oberlin is within hailing distance and Ohio university is yet in the reckoning.

In a game which had a direct bearing on the championship Ohio State succeeded in besting Oberlin at Columbus last Saturday night in the closest game of the conference season.

Five minutes of overtime play were necessary, as the teams were tied 21-21 at the close of the allotted 40 minutes.

Some talk has been heard that Mt. Union is claiming to be on an equal standing with Denison for the championship chances. Now, if it so happens at the end of the season that Denison and the Mounts are tied for first place without any losses, the state title must be awarded to Coach Livingston's Granville quintet.

For the very big reason that Denison has played more games and much better teams than Mt. Union. But this week the Denison management and coach spoke favorably of arranging a game to be played either at Columbus or Cleveland, in case Mt. Union and Denison were tied at the end of the season for first honors, according to percentage. This would certainly be treating the Mounts more fairly. Such action as this will tend to destroy all chances for argument over the title and make the sport more attractive.

With the games this week, the Ohio conference basketball players enter upon the third and final act of the now famous drama entitled, "The Ohio College Basketball Championship Struggle of 1915."

Participated in by a cast of 150 players, coached by 14 well known mentors and managed by the same number. Twelve thousand or more students are directly concerned in the

## CHARGED WITH COMPLICITY IN DYNAMITE CASE

(ASSOCIATED PRESS TELEGRAM)  
Seattle, Wash., Feb. 19.—David Caplan, last of the men wanted at Los Angeles, Calif., in connection with the dynamiting of the Los Angeles Times building in the fall of 1910, was arrested last night on his chicken ranch two miles inland from Rolling Bay, Bainbridge island, 12 miles from Seattle.

Caplan, according to Walter R. Thayer, manager of the Seattle branch of the William J. Burns detective agency, admitted his identity and expressed a willingness to return to Los Angeles for trial. He was taken to Port Orchard, a country seat of Kitsap county, where he was placed in jail under an armed guard. For two years he had been living under the name of Frank Moller, on a small chicken ranch back of Rolling Bay. He also conducted a barber shop in Rolling Bay. He was found, Thayer said, through information gathered by William J. Burns after the arrest of Schmidt last Saturday in New York.

"Our New York office," said Thayer, "has also discovered evidence connecting J. B. McNamara, Caplan and Schmidt with the explosion which damaged the Lyon building in Seattle in 1910 just before the Times explosion. The three men, according to the evidence we have gathered, were sitting in the railway station in Seattle waiting for a train at the hour the explosion occurred."

### CHARGED WITH MURDER.

(ASSOCIATED PRESS TELEGRAM)  
Los Angeles, Feb. 19.—Two indictments stand against David Caplan, one of murder in connection with the dynamiting of the Times building. The other indictment was returned by a federal grand jury for alleged illegal transportation of dynamite.

## GENUINE PRESCRIPTION FOR ALL RHEUMATISM

Satisfaction Guaranteed or Money Back, Says T. J. Evans.

Rheuma—that is the name of the scientific prescription that is putting old rheumatism out of business.

Rheuma cures by driving the uric acid from the blood. It also acts directly on the kidneys and is better for them than most so-called kidney cures.

Porter Smith, Dobbin, W. Va., writes: "I have been a great sufferer from rheumatism for about 26 years. The disease had become chronic. I began taking Rheuma with little faith in its virtues, but was better from the first day I began its use, and at this time have no more pains."

T. J. Evans and all druggists sell Rheuma, and no rheumatic sufferer can afford not to use it. 50 cents a bottle. Your money back if not satisfied.

## FRANK JAMES, FORMER OUTLAW, DIES IN MISSOURI

(ASSOCIATED PRESS TELEGRAM)

Kansas City, Mo., Feb. 19.—Many stories of the tenacity with which Frank James, the former outlaw and member of the notorious Jesse James gang, who died at his home near Excelsior Springs yesterday, clung to his determination to live an upright life after his surrender were told here today. A writer, long a friend of the former bandit in company with a publisher visited James several days ago to get information to be used in a book.

"I promised the governor of Missouri when I surrendered to him," Frank James told the publisher, "that I never would write a book about myself or permit it to be written."

Though he was said to have been offered \$10,000, James kept his promise and his knowledge of the details of seventeen years of wild life will be buried with him.

Much has been written about the James boys, but according to Frank, no word of how they operated ever came from him. Nor did he ever tell what became of vast amounts of money they were supposed to have stolen.

## "POTTERY KING'S" DAUGHTER SUES FOR A DIVORCE

Zanesville, Feb. 18.—There is a wagging of heads and a chorus of "I told you so" in Zanesville, for, just so the gossips predicted, the romance of Mrs. Jack Gordon, who is the 19-year-old daughter of Sam A. Weller, the "pottery king," has come to grief. They all "just knew" it would, from the very first, but Mrs. Gordon was not sure until six weeks ago, when her husband, who claimed to be a wealthy San Francisco promoter interested in the Panama Exposition, disappeared.

Yesterday she filed suit for divorce against the dapper, polished "stranger" who made her acquaintance when he aided the Weller family in escaping from the war zone last August. She charges gross neglect.

Mrs. Gordon asks restoration of her maiden name. Her father would not discuss his son-in-law's defection except to say: "I was not stung—my daughter was the only one in the family who got stung."

They were married September 19 in Zanesville, and shortly after he left town alone.

## TROOP MOVEMENTS ALONG FRONTIER FACING GERMANY

(ASSOCIATED PRESS TELEGRAM)

The Hague, via London, Feb. 19.—The critical situation brought about by the German naval demonstration which it was announced would begin yesterday, has greatly impressed governmental circles here. A reply to the Dutch protest against the proposed submarine blockade has not yet been received but is expected momentarily.

Considerable troop movements are reported along the eastern frontier facing Germany but information regarding them is closely guarded. The water defenses are understood to be ready for any emergency. New recruits for the army reached their training depots yesterday and more will arrive today.

Many Dutch vessels are now in British waters on their way to or from ports in Holland. Some apprehension is felt in shipping circles, but it is pointed out that these merchantmen are easily distinguishable and consequently it is hoped there will be no untoward happenings. The reported encounter of the Dutch steamer Helena with a Zeppelin airship in the North Sea and the fact that the vessel was not harmed, is regarded as indicating that Germany does not intend to attack neutrals.

## GRAY HEADS

Darken Your Hair—Look Young As You Feel! Stop Falling Hair.

## LEG BROKEN IN FALL FROM WAGON

St. Joe Road, Feb. 19.—Mr. Frank Cuth was badly injured when he fell from a load of hay, on Thursday. Mr. Cuth was attempting to get down from the wagon and caught hold of a standard, which broke, causing him to fall and break his leg. The accident happened at the home of Mr. Lewis Cuth, and Dr. Laycock was called to attend him.

## THORNVILLE MAN WOULD PRESERVE HISTORIC FLAGS

Solomon Rousculp of Thornville has interested himself in endeavoring to secure the passage of a bill appropriating \$15,000 for the removal of the historic battle flags from the relic room in the statehouse to the rotunda. In interest of the idea Mr. Rousculp visited Columbus on Wednesday, and said that steel wall cases with glass fronts should be purchased, for the better convenience of the public and to protect the flags from the ravages of time.

LICKING COUNTY ASKED TO DO  
HER SHARE OF NEEDED  
RELIEF WORK

Ohio Ship Sails Early in March—  
Food and New Clothing So-  
lited for Sufferers.

The receiving station for food and NEW clothing for suffering Belgium will be opened Tuesday, Feb. 23, in the room adjoining Dr. Clark B. Hatch's office in Church street. A meeting of the committee appointed by Capt. A. H. Heisey was held last night at which time arrangements were made to get in touch with the farmers and village communities over this county by telephone and otherwise, soliciting their support in this movement. The people of Newark are also asked to join in helping Ohio to do her share toward this relief work.

Early in March the Ohio ship is to sail for Belgium. Licking county is to be represented in these gifts of food and clothing. The clothing must be new, the food of such character as to stand the ocean voyage. Money contributions may be sent to the Advocate office or to the Newark Trust company. All money subscribed will be used to buy food in Newark. The transportation of the donations has been provided for. The committee of women under the direction of Mrs. Frank P. Kennedy is doing effective work and the prospect is that large donations will pour into headquarters when the room is opened next Tuesday. Col. W. C. Wells is now making a trip to the villages over the country organizing the work in every section. From now on the work of Belgium Relief in America will settle down to that second stage of effort wherein the first enthusiasm has worn off, and the hard grind begins. People with real fortitude, perseverance and love for their kind continue strong to the end; the others drop away.

For it is no good—no good at all—to keep these people alive until March first, if they are to starve after March first. If we do that, the noble effort is wasted. We merely postpone a tragedy, in order that it may become more deeply tragic when the crisis comes. If we are to save the stricken little sister of the world, we must persevere to the end. It seems likely now that we shall have to keep up our efforts until summer at the very least, and probably much longer. The best and most sapient observers of the European war believe—occasional newspaper reports to the contrary notwithstanding—that the Allies are not going to attempt their "forward drive," by which they hope to reconquer Belgium, until spring breaks. The British "Kitchener army," to which the Allies look for reinforcements, will not be ready until that time. If the Allies succeed, it will be possible for them to feed the people of Belgium, and our duty in the matter ceases. If they fail, the existing conditions in Belgium will continue.

In either event Americans have months of work and responsibility ahead.

DAINGEROUS DEBILITY

Debility may result from a number of causes—worry, after-effects of acute illness, lack of nourishment due to disordered digestion, or anything that makes the blood thin, thereby preventing it from carrying health and nourishment to the tissues of the body.

The symptoms of debility vary but weakness is always present, often a tendency to fatigue easily, ringing in the ears, black spots passing before the eyes, weak back, dizziness, wakefulness caused by inability to stop thinking, and unrefreshing sleep.

Debility is dangerous because it weakens the body's defence against disease. For instance, debilitated people take cold easily and winter is always a trying time for them. When one cold follows another the system surely needs building up.

The treatment of such run-down conditions with Dr. Williams' Pink Pills is based on sound medical principles and common sense. These pills build up the blood so that it nourishes every part of the body, nerves as well as muscles and brings vigor, strength and health.

Mention this paper and we will mail you the booklet "Building Up the Blood." Address: Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills.

INTEREST IS  
GROWING IN  
THE REVIVAL

The great revival which has been in progress at the Amsterdam United Brethren church for two weeks, still sweeps on with mighty effect and interest. The afternoon meetings are proving most beneficial, as four were at the altar on Wednesday afternoon, three on Wednesday evening, three on Thursday afternoon and two on Thursday evening, and all were saved.

Thursday evening, Rev. M. R. White preached a powerful sermon on "Excuses," when he completely knocked the props from under every conceivable excuse being offered by the worldly ones for staying away from God. Rev. White held the audience with intense interest for more than one hour, and at the close two were saved, the church was filled to its utmost seating capacity on last evening, and the crowds still grow.

Rev. White will speak on "What Think Ye of Christ?" this evening. On last evening fourteen were baptised and eight joined the church; baptismal services will be held each evening this week and the coming Sabbath day, and the doors of the church will be constantly opened; a great meeting was held this afternoon.

Sabbath School and communion services will be held on the Sabbath day, and Mr. Larason will speak on Sabbath evening on the subject of "The Punishment After Death of Those Who Die in Their Sins." Jacksonville sends nightly two big wagon loads of personal workers, and many come on foot; many also attend nightly from Linville, and Newark, and the country side for miles around pour into the services, many who have not been in church services for years. A strong Young Peoples Society

will be organized this evening, and the coming Sabbath will see the largest Sunday school for half a century.

One distinctive feature of the attendance is the highly presence of a great crowd of men and boys, which nearly fill one side of the church, and one by one they come to Christ.

Thursday evening, Rev. M. R. White preached a powerful sermon on "Excuses," when he completely knocked the props from under every conceivable excuse being offered by the worldly ones for staying away from God. Rev. William H. Burke, aged 50, freight conductor on the main line of the B. & O. railroad, was killed Wednesday when he fell between two cars on the B. & O. line at Harpers, 11 miles west of Chillicothe. Burke was riding on a passenger train and stepped off between the cars. The accident happened about 3 o'clock. He was taken to Chillicothe and died at 5:45 from his injuries.

Burke had lived in Columbus for three years. His home was at 545 North Grant avenue. He formerly resided at Chillicothe. He is survived by his wife, one son, Joseph Burke; one daughter, Miss Helen Burke; and three brothers, Charles and George of Herrin, Ill., and Patrick Burke of Athens, O. There is also one grandchild.

The body was brought to Columbus Thursday evening. Funeral services will probably be held at St. Patrick's church Saturday morning at 8:30, and interment made in Calvary cemetery.

DRIVE OUT THAT PAINFUL RHEUMATISM

If you are bothered with Rheumatism and "every muscle in your body aches," rub the aching joints with Hoff's German Liniment, the famous stainless, greaseless, refreshing-oil pain chaser. It is pure and white as snow and it won't soil the finest clothes.

Hoff's German Liniment is made from the same formula that doctors use with such success in Germany. Emulsion of camphor and other effective, harmless ingredients are used. Everyone knows the value of camphorated oil, but it leaves the pores open—making one susceptible to further cold. Hoff's German Liniment keeps the pores closed—keeps colds out.

Hoff's German Liniment is an unequalled remedy for Rheumatism, Lame Back, Neuralgia, Sore Throat, Cold on the Lungs, Cold in the Head, Aching Joints, Bruises, Burns, Sprains, Sore Feet, Corns, Bunions, etc. Used as directed, it quickly cures colds, coughs, croup, etc. Fine for children—fine for grown-ups. Pain doesn't linger when Hoff's German Liniment is used.

Sold in handy bottles by all druggists—quarter pint for a quarter; big size, 50c. Results absolutely guaranteed or druggist is authorized to return your money. Accept no substitute—they are not "just as good."

# Apple butter time on the old homestead!

—Revive its memories tonight

The orchard smells sweet and the trees hang low with their luscious fruit, big, red-ripe. 'Tis apple butter time on the old homestead!

Will you ever forget it? How mother and Will and all hands pitched in to make this ambrosia of the Autumn?

How the choicest and tarest of Baldwins and Pippins and Wine-saps were gathered, then washed, peeled and cut into slices—some snowy white, some pink or yellow, some firm, others flaky?

How the big copper kettle, glittering in the sunlight, was filled with apples, and then just the right touch of sugar and spices added; how the mixture was stirred and stirred over a crackling wood fire, such wonderful odors arising that your mouth fairly watered for a taste of it?

And when you *did* taste it—! Oh, how good it was! Will you ever forget the first helping thickly spread over a slice of brown-crust bread?

How often have you just "hankered" for the familiar old home taste? How many times have modern apple butters disappointed you? The minute you taste—

## WOULD AVOID EXTRA SESSION OF CONGRESS

(ASSOCIATED PRESS TELEGRAM)  
Washington, Feb. 19.—The senate today began consideration of the appropriation bills, the government ship purchase bill having gone to conference there to remain until Feb. 27.

In the meantime, in accordance with the agreement between the senate Democratic leaders and the Republicans, the big supply measures are to be taken up and pressed to passage in order to avoid an extra session of congress. The first of the appropriation bills to come up today was the legislative, executive and judicial bills.

The understanding was brought about as the result of the failure of the Democratic leaders to get a vote on the shipping bill. The Republicans have given assurance that they will not filibuster against the appropriation measures.

Formal notice went to the house today from the senate of its action in disagreeing to the amended shipping bill and asking for the appointment of conferees on the part of the house. Senate conferees already have been appointed.

In the event that the shipping bill, when it emerges from conference on February 27 is still unsatisfactory to the Republicans, they probably will renew their filibuster and kill the measure. The Republicans now insist that the bill is dead. Leaders believe there will be no extra session of congress.

## Vest Pocket Remedy That Quickly Ends Indigestion

Eat What You Please and Never Fear After-Digestion.

There is a perfectly safe and sure way for you to eat whatever your stomach craves and do it over again the next day. Many will say, "How I wish I could eat that, but I have tried and every time it nearly kills me."

People get in a condition like this only because they are not taking proper care of their stomach.

Every stomach has a lot of work to perform in digesting the food and if crowded with extra labor it rebels and kicks up a fearful disturbance.

There is a simple, harmless, inexpensive and most effective prescription, easily obtained at any drug store called Mi-o-na that will quickly stop this disturbance. These little vest pocket Mi-o-na Stomach Tablets were especially prepared to regulate out-of-order stomachs. They not only help the over-worked digestive organs by increasing the flow of gastric juices, but surely and safely build up and strengthen the stomach walls so that the stomach can take care of the food as nature intended.

It is needless for you to suffer with indigestion, heartburn, biliousness, sour, gassy or upset stomach, for Mi-o-na will give prompt and lasting relief every time. Do not delay, but get some of these indigestion ending tablets, from T. J. Evans, or other leading druggist today. Be sure you get MI-O-NA and accept nothing else, as Mi-o-na is always sold with the understanding that if it does not banish all stomach distress your money will be returned on request.

## SUCCESS OF A CANCER SERUM ESTABLISHED

(ASSOCIATED PRESS TELEGRAM)  
New York, Feb. 19.—The results of the work of nearly a year of physicians, surgeons and laboratory staff of the General Memorial Hospital of this city, tending to show the success of a new cancer serum, are expected to be published soon in an official report of the medical board of the institution, according to announcements made today.

The report will contain the name of the discoverer of the new serum, its composition, the details of the preliminary laboratory work and the individual medical histories of the patients so far treated in the hospital. The announcements forecast this report as one of the most important contributions to science emanating from the medical professions in this country.

The serum is issued by injection. The cancerous growths break down, disintegrate, and disappear, it is asserted.

## ACTIVITY OF THE DIRIGIBLES OVER THE NORTH SEA

(ASSOCIATED PRESS TELEGRAM)  
London, Feb. 19.—The activity of Zeppelin airships over the North Sea continues, telegraphic the correspondent at Copenhagen of the London Star and this in spite of the fact that two airships recently have been lost. Gaps in the fleet caused by disaster are being filled by Zeppelins drawn from the airship stations in western Germany.

A dispatch received from Copenhagen last night, described the loss of two German airships in the North Sea. The Zeppelin L-3 exploded on Fance Island Wednesday and another such airship, commanded by Captain Count Platen, sank ten miles north of Jutland yesterday. It has been asserted that the entire Zeppelin fleet is patrolling the North Sea just outside of English waters. Zeppelin No. 2 is believed to be the flagship.

Another dispatch from Rotterdam says the Dutch steamer Helena was overhauled in the North Sea last Tuesday. The Zeppelin L-5, trained her guns on the steamer and ordered her to heave to. When satisfied as to the Helena's identity, the captain of the Zeppelin apologized and rescinded with his craft.

OUCH! LUMBAGO!  
RUB PAINS FROM  
SORE, LAME BACK

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or maybe from a strain, and you'll get relief the moment you rub your back with soothing, penetrating "St. Jacobs Oil." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on your back and out comes the pain. It is harmless and doesn't burn the skin.

Lumber up! Don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 60 years.

**Lad Is Improving.**  
Robert Gutridge, the four year old son of Mr. and Mrs. S. E. Gutridge, who was badly scalded by falling into a bucket of boiling water, last

Thursday, is slowly improving under the care of Dr. D. M. Smith.

**Hospital Trustees Meeting.**  
A meeting of the trustees of the Newark Hospital Association will be held this evening at 7 o'clock at the Advocate office.

**Can Obtain Calendar.**  
General Manager Henry Schneidt of the Consumers Brewing company states they have about 150 "Billie" Burke calendars left which they are desirous of distributing. Any one wishing one of them can obtain same by calling at the plant in East Locust street.

**To Attend National Meeting.**  
Prof. Wilson Hawkins, superintendent of the schools, and Prof. O. J. Barnes, principal of the Newark High school, will leave Monday evening for Cincinnati to attend the National Meeting of School Superintendents. They will remain until Saturday.

**Dr. Hunt Will Speak.**  
Rev. Emory W. Hunt, D. D., former president of Denison University, will be the principal speaker at a rally meeting to be held by the Baptists of Columbus and vicinity this evening at the Tenth Avenue Baptist church in Columbus at 6:15 o'clock. Rev. Mr. Hunt is now general secretary of the American Baptist Foreign Mission Union.

**Served in Navy.**  
E. M. Brown of Minneapolis, Minn., stopped over in this city Thursday on his way home from Woodstock, Va., where he had been visiting Ernest Irwin, a nephew of "Billy" Irwin of this city, the two young men having been bunkmates while acting as buglers in the navy. Mr. Brown spent the day here being shown over the city by Mr. Irwin, whom he met in Woodstock several weeks ago.

**A New Arrival.**  
Emmet McDaniels, the North Park Place restaurateur, is wearing a big smile today and his customers are generous portions of everything edible until informed that his wife had presented him with a handsome baby daughter. The little miss weighs eight and a half pounds and "Mac" states that she is the very image of her dad. Congratulations are being extended. Mr. and Mrs. McDaniels by their many friends.

**Old Barn Damaged.**  
An alarm of fire received simultaneously by box and telephone called the fire department to an empty barn in the rear of the Crane property in Hudson avenue at 8:10 o'clock Thursday evening. A well developed blaze was in progress and the fire had already communicated with a nearby structure. This blaze was quickly extinguished and after a short time the fire in the barn was under control. The interior of the structure was badly charred. The cause is unknown but the presence of tramps in the neighborhood is blamed for its origin.

**Tongue Was Quieted.**  
Pat Lavin, who claimed to be from Buffalo, and who talked himself into a jail sentence on bread and water, was brought out in police court Friday and arraigned on the original charge of being drunk. He was fined \$25 and costs and ordered to leave the city at once, the sentence was suspended.

**Violated Health Orders.**  
T. B. Kirk, arraigned before Mayor Bigbee on an affidavit filed by Health Officer Knauss on a charge of violation of orders of the health department, was fined \$25 and costs. The amount was suspended until Saturday. If the pile of stable refuse which was found objectionable by the health board, is removed, the fine will be suspended indefinitely.

**Send Home Flowers.**  
The Misses Freda and Marie Schoeller of German street who are visiting in Florida, sent their parents a box of beautiful flowers, which are now in bloom in the southern state.

**To Elect Chief.**  
The Medical Staff recently appointed by the Executive Committee of the Newark Hospital will meet this evening at 7:00 o'clock at Room 301, Newark Trust Company, to organize and elect a chief. All appointees are urged to be present.

FOOD SOURING IN  
STOMACH CAUSES  
INDIGESTION, GAS

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food—breath foul, tongue coated—just take a little Pape's Diapiesin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapiesin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapiesin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is truly astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

## Lighting Newark Streets

**From Director Christian.**  
Editor of The Advocate:—Open and above board has been my motto at all times. When a person says the office records show so-and-so, I simply state what it did. show. I have also said time and again, that the readings did not mean the true production, what more can I say?

The dial on the meter has this "each division of the 100s dial equals one hundred kilowatt hours," there are four dials, 100,000, 10,000, 1,000 and 100 and around the rim is 10s, and not a word about a "constant of ten," I have said before that I added a cipher in order to make the calculations come somewhere near the actual conditions, but whether I was right or not I did not know. I had Mr. Gibson of the Westinghouse Electric & Manufacturing Company to read it, and he was confused. I suggested to him about a possible constant, and he said there were no such notations on the meter. Mr. Dewey of the Westinghouse Lamp company, said "the meter does not check out even by multiplying by ten," I hope that I have made myself clear.

I have written the office of the manufacturer to furnish me the correct manner of the reading, and upon the receipt of their letter shall promptly inform the public.

In reference to the outage of lamps on the street, it matters not who produces the current, the same condition will and must exist, as that is entirely separate, and any contract does not assure against this failure. As to the plant, we all know a single equipment may cause some outage, but I can recall quite a number of times when even the Light & Power current was off and the people were in darkness. Council meeting adjourned twice on this account. I simply refer to this, to show that I am not immune.

In regard to the successful operation of the electric light plant, I am looking to the future requirements and conditions and not what has been accomplished in the past. Conditions will be somewhat different. A man

ager should look ahead, and that is what I am endeavoring to do.  
W. C. CHRISTIAN.

**Geo. E. Smith's Views.**  
Editor of The Advocate:

In his article published in the Advocate Feb. 18, Mr. Stasel says that Mr. Christian in his figures concerning the performance of the present lighting plant, has not been wholly above board. I have followed Mr. Christian's statements very closely and accept them as being thoroughly honest and as complete as may be under the circumstances surrounding the operation of the plant. Mr. Christian says that the meter is not correct, and his reasons for saying it is not correct I think should be convincing to any one who is really concerned in finding what the actual facts are. Mr. Stasel has not shown that the meter is correct. Until that is shown any figures based on the record shown by the meter must be considered wasted effort.

If the meter is wrong, then there is no meter at all and the discussion should proceed as though there never was one.

Then, eliminating the meter question the only way of arriving at the amount of current needed is by approximation. This, to my mind at least, Mr. Christian has done very satisfactorily, and Mr. Stasel fails to show him in the wrong.

If we know approximately how much current is needed, it should be no difficult matter to get from reliable, disinterested, electrical men, the cost under conditions similar to ours, of producing the current. The producing cost alone should be considered. The Ohio Light & Power Co. offers us current at 1.4c per K. W. delivered at the switchboard. Then, of course, the basis of comparison will be what can the city produce it for at the switchboard as against what it can be purchased for at the same point. All expense beyond the switchboard will have to be classed as distributing expense and does not enter into the discussion, as the city pays it whether they produce the current or buy the current.

The bringing into the discussion any matter foreign to the actual production tends only to confuse us.

So far as I, individually, am concerned, the old plant need not be considered. I understand it has been in use for more than 20 years without any remodeling to speak of. Then, surely, its present performance, even were the records so perfect that we could be positive as to what that performance is, can not be used as a basis of showing what the city could produce the current for under modern conditions.

Coming to the Glad Hand Church Here Next Week.

DR. G. A. FUNKHOUSER.

The church going public is invited to spend the coming week with us in a series of "Bible Lectures," to be given by Dr. Funkhouser of Dayton, beginning Monday evening, Feb. 22, at 7:15, and continuing over Sunday. Services each evening next week at 7:15 o'clock, and beginning Tuesday afternoon there will be services at 2 o'clock. This will be a great opportunity to hear for two sessions a day a man of the ability of Dr. Funkhouser.

The Otterbein Review says of Dr. Funkhouser:

"Dr. Funkhouser holds and has held a very unique position in the United Brethren church. He graduated from Otterbein University in 1868. Then as his own church had no seminary, he attended a Presbyterian school. In 1871, he graduated from the Western Theological Seminary at Allegheny, Pa. Almost immediately he received a call to come to Dayton for the purpose of founding a seminary for his own church. It was known as the Union Biblical Seminary of the United Brethren Church. He held the chair of Greek Exegesis and New Testament Literature until a few years ago when he was elected to an emeritus professorship in Bonebrake Theological Seminary. In 1912 the General Conference of the church authorized the establishment of an extension department of the seminary for the benefit of ministers who could not take a resident theological course. Dr. Funkhouser was made director of the work, which has met with great favor."

## DON'T WASH YOUR HAIR WITH SOAP

When you wash your hair don't use soap. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulsed coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides it loosens and takes out every particle of dust, dirt and dandruff.

## A Fact In Physics Is Saving Lives

We offer to the medical profession and humanity this new and profound FACT IN PHYSICS—Influence the renal tract with an agent that opposes renal and hepatic degeneration, and urinalyses will, in many cases, within twenty days begin to show diminishing albumenuria in Bright's Disease and decreasing Glycosuria in Diabetes. Simple as it is, this means that these diseases are now being cured.

The presence of albumen or sugar (as the case may be) is a PHYSIOLOGICAL FACT and its disappearance is a FACT IN PHYSICS.

Who is there big enough to question the reality of a FACT IN PHYSICS that is being daily demonstrated by the weights and measures of analytical chemistry?

Fulton's Renal Compound is the agent used in Bright's Disease and Fulton's Diabetic Compound in Diabetes.

They do not conflict with the usual treatment—can simply be added to the new purpose above. There then begins to be hope in these diseases heretofore supposed incurable. Recoveries have been reported in several thousand cases.

F. D. Hall is local agent. Ask for pamphlet or write John J. Fulton Co., San Francisco.

## 9th Bulletin Is Issued By Asso. Charities

The Advocate's splendid report of Mr. Fieser's address on Wednesday night should stir every reader to a new effort for Newark.

Mr. Fieser gave us a program which will "boost Newark" more effectively and permanently than electric signs can do it if the people will carry out the program.

And the response by contributions and co-operating societies gives promise of success. Let all interested families determine upon a course of co-operation in the welfare of Newark and soon we shall see a difference.

We invite visitors to the office and suggestions for boosting Newark.

Gov. Whitman's Story.  
Governor Whitman at a dinner in New York, praised the New Year resolution habit.

"A good habit," he said, "and a very, very old one. It dates, in fact, from the stone age."

"Dressed in the furs of wild beasts, two men of the stone age, Wa and Ug, met one New Year morning."

"Say, Wa," said the first man, "lend me your crowbar, will you?"

"What for, Ug," asked the second man.

"I want to go home," said the first, "and turn over a new leaf."

## MEN'S CLUB WAS ADDRESSED BY NOTED DIVINE

About one hundred and fifty men attended the dinner given by the Men's club at the Trinity Episcopal church on Thursday evening in the Parish House. A chicken dinner was served and after the menu, Dr. Washington Gladden, pastor emeritus of the Congregational church Columbus, was introduced and spoke on sociological conditions.

Dr. Gladden said that the present principle of sociology was wrong in that it was individualistic. By individualistic, Dr. Gladden explained that he meant every man was selfishly intent on being for himself alone, and no consideration was given any other. "This causes most of the social disturbance," said the speaker and there will continue to be disturbances until the basis is changed to good will and fellowship toward others."

While in Newark Dr. Gladden was entertained at the home of Mr. J. V. Hillard of West Church street.

## What Thin Folks Should Do to Gain Weight

Physician's Advice For Thin, Underdeveloped Men and Women.

Thousands of people suffer from excessive thinness, weak nerves and feeble stomachs, no, having tried advertised diet-makers, food-fads, physical culture stunts and rub-on creams, resign themselves to life-long slenderness and think nothing will make them fat. Yet their case is not hopeless. A recent discovered regenerative force makes fat grow after years of thinness, and is also unequalled for repairing the waste of sickness or faulty digestion and for strengthening the nerves. This remarkable discovery is called Sargol. Six strengthening, fat-producing elements of acknowledged merit have been combined in this peerless preparation, which is endorsed by eminent physicians and used by prominent people everywhere. It is absolutely harmless, inexpensive and efficient.

A month's systematic use of Sargol should produce flesh and strength by correcting faults of digestion and by supplying highly concentrated fats to the blood. Increased nourishment is obtained from the food eaten, and the additional fats that thin people need are provided. Evans' Drug Store and other leading druggists supply Sargol and say there is a large demand for it.

While this new preparation has given splendid results as a nerve-tonic and vitalizer, it should not be used by nervous people unless they wish to gain at least ten pounds of flesh.
